

Fireworks, know the LAW!

KEEP IT LEGAL

#AvondaleCelebrateSafe

USE OF ILLEGAL FIREWORKS IS PROHIBITED

Is the bang worth the buck?

Did you know fireworks that shoot in the air and detonate are NOT allowed within the City of Avondale? The Avondale Police Department has a “Zero Tolerance” policy with illegal fireworks!

The fine for setting off illegal fireworks is \$1,000. This does not take into account the cost of property damage, medical bills and possible jail time!

If you are using legal fireworks, such as sparklers or ground devices, you can still be held accountable for damages caused to others’ property, or creating a noise disturbance. Be responsible and courteous to neighbors!

Even when using novelty permissible fireworks, you need to learn how to light/dispose of them properly. Always have water close by to extinguish fireworks, and NEVER allow kids to hold or light

fireworks. Adults under the influence of alcohol should not handle fireworks. Unwanted bodily burns, and loss of appendages (fingers and hands) have occurred too often with irresponsible use.

To report a violation please call (623) 333-7001. Call 9-1-1 in instances when the activity is in process and poses a threat or danger to others or yourself.

For a list of acceptable and non-acceptable consumer fireworks visit www.avondaleaz.gov/fireworks

Leave the fireworks to the professionals. Attend a professional fireworks show hosted in the community instead of setting them off at home. Avondale and surrounding cities are hosting fireworks events, and most community fireworks shows are free to attend.

NASCAR Championship Weekend to return in 2022

Congratulations to Phoenix Raceway on the recent announcement that it will host the NASCAR Championship Weekend in 2022! For the third year in a row, Avondale will be featured on the national scene as a premier racing destination.

Meanwhile, NASCAR Championship Weekend Nov. 5-7, 2021 will return to full capacity, with no restrictions on the number of fans allowed to watch the action from the grandstands and hillside. #DiscoverAvondale

High tech vertical farming facility locates in Avondale

Avondale Local Edge has announced that AgTech startup, OnePointOne, is bringing its corporate and vertical farming production facilities to Avondale.

The 50,000 square-foot facility in the Avondale 107th Industrial Park will be home to OnePointOne’s latest indoor vertical farm, which uses 99% less land and water than traditional agriculture. Also, the process is 100% free of pesticides, herbicides and harmful chemicals of any kind. This new facility will act as the production hub for Willo, OnePointOne’s groundbreaking personalized vertical farming service.

“Avondale has quickly arisen as a desirable location for high-tech companies thanks to our competitively priced real estate, proximity to major transportation

and skilled labor force,” said Kenneth Chapa, Avondale’s Economic Development & Tourism Director. “

Stay tuned for more exciting announcements by Avondale Local Edge, which offers timely and relevant educational events, interactive networking, and business appreciation all year long. Check out the business resources on AvondaleLocalEDGE.com including the dining guide, Avondale job postings, the online business directory and Size-Up (a business analytics tool). For more information, visit the website or call (623) 333-1400.

Did you know, **only 33%** of Avondale residents that are eligible for the vaccine, are fully vaccinated. CDC guidelines suggest communities **need to achieve 70%** fully vaccinated levels, to stop the spread of Covid-19.

To know about free local vaccina-

tion clinics, and providers in Maricopa County (walk-in, and appointment based) visit www.maricopa.gov/5659/COVID-19-Vaccine-Locations

For updated data about the spread of Covid19 in your zip code, visit www.maricopa.gov/5594/School-Metrics

Drowning is unintentional – yet preventable.

According to the Centers for Disease Control, drowning is the leading cause of unintentional death for children ages 1 to 4.

Always keep within an arm's length of children around water, even if they can swim. Never presume that someone else is supervising them. Death and injury from drowning happen not just in pools, but also in natural bodies of water, canals, toilets, bathtubs, and even buckets.

To arm yourself with knowledge every parent should learn cardiopulmonary resuscitation (**CPR**).

If you have a swimming pool, safety barriers can be one of the most important life-saving tools you have installed at your residential property. Avondale's Building Division offers free swimming pool barrier safety inspections for property owners. To arm yourself with a **FREE inspection**, call (623) 333-4005.
